The Certificate Export Wizard starts > choose Next

© 2 c	ertificate Export Wizard
Ň	Welcome to the Certificate Export Wizard
T lis	his wizard helps you copy certificates, certificate trust lists and certificate revocation sts from a certificate store to your disk.
A	certificate, which is issued by a certification authority, is a confirmation of your identity ind contains information used to protect data or to establish secure network onnections. A certificate store is the system area where certificates are kept.
