Name and surname: *Email:* *Permanent address:*	*Date of birth:* *Personal ID:* *Personal ID card number:* *Secondary ID document type and number:*	*Agent signed:*
Name and surname: *Email:* *Permanent address:*	*Date of birth:* *Personal ID:* *Personal ID card number:* *Secondary ID document type and number:*	*Agent signed:*

* Optional

[1] The agent must be a person other than those authorised in the Power of Attorney for SSL Certificates. One year is the minimum validity for the proofs of identity of the empowered persons.

The principal hereby grants power of attorney to all the agents listed above to represent for:

- Confirming applications sent from První certifikační autorita, a.s. for regular annual periodicity, which confirms the proposed approvers in the Power of Attorney for SSL Certificates.

- Authorisation to replace approvers in the Power of Attorney for SSL Certificate as may be needed. YES/NO[2].

This power of attorney's authorisation is only valid as long as the original agreement and the relevant amendments are valid.

The power of attorney must be certified (by a notary, or also a Czech POINT office in the Czech Republic) or electronically signed with qualified eIDAS-compliant electronic signature by all principals (they must be listed on the copy of the company's entry in commercial register) and agents.
